VEHICLE WIZARD

The full inventory management system that helps manage your lots via our mobile apps, GPS location, multiple inventory reports, scannable tags for vehicles and key tags, and much more! This web-based system has access to our Vehicle Wizard applications on Apple iOS and Android devices.

PHYSICAL INVENTORY

Vehicle Wizard's main focus is to help you complete the physical inventory process more efficiently from the start! Implementing a scanner to effectively and quickly process weekly, monthly, and annual reporting will save you and your customers time, prevent inventory issues, reduce human error, and create an overall better experience for all of those involved!
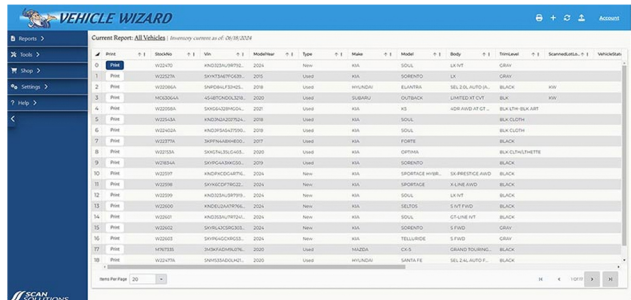

Compatible with most major DMS providers!

REPORTING

Vehicle Wizards' reporting tools provide the necessary information and details to perform a full weekly, monthly, and annual inventory.

• View all reports from any connected device.

• Utilize reports such as a Missing, All scanned, extra-scanned and Overall summary.

• Search for any asset by VIN, stock number & more!

• Track arrival dates for each asset

• Filter Year/Make/Model/Trim/Color/Miles from our web-based system

• Update Last Scanned Date & Lot Location in DMS

DEVICES

• Use our hand-held Andriod scanners included with Vehicle Wizard PLUS to manage your inventory.

• Our software utilizes Wi-Fi and cellular connections to update the DMS and reports live as you scan.

• Use your own personal smart device - phone or tablet with either Apple or Android!
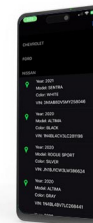

GPS LOCATION TRACKING

• Never lose another vehicle!

• Utilize our GPS locating features to track the last place a vehicle was scanned.

• Tracking is available from both PC & handheld devices.

MOBILE APPS

• Scan VIN to check-in assets to inventory.

• View full inventory asset lists.

• Automatically filters by manufacturer.

• See VIN specific unit details and location.

VEHICLE LABELS

Provided in all Vehicle Wizard packages is the ability to print weather-proof stock and key tags with scannable QR codes. Scan these QR codes from our handheld scanner or your personal mobile devices.

• Large readable stock numbers

• VIN & Stock number clearly visible on both stickers

• Weatherproof stock labels for vehicles, keys, books, deal jackets, and much more!

• Add QR to labels allowing customers to scan and be directed to your website.

• Desktop label printers are provided with Lite, Plus, and Pro teirs!
